

Human Concerns Commission January 2017

As we launch into a new year, the All Saints Human Concerns Commission is gathering information about our parishioners to prepare programs and create a network of support for issues and activities. We are asking you to share the following information as part of our asset inventory: name, phone, email, employment/profession/career, area of expertise (work or hobby). Would you be willing to share your expertise with the parish in connection with a program or workshop?

Please contact Rosemary Murphy at (414) 292-0532 or rosemary.allsaintsmke@gmail.com
