

December 3, 2017 Stewardship Commission Meeting Minutes

Meeting began with a prayer.

We were blessed to introduce five new members to the Stewardship Commission.

A brief explanation was provided regarding the purpose and goals of the Stewardship Commission.

Lori O’Konek, consultant to the Councils and Commissions, provided an explanation of the approved Calendar Process and our upcoming Communication Audit. Stewardship will begin the process of the Audit in January.

Feedback regarding the Pulpit Announcement Policy was shared. The plan is to continue to gather additional feedback and information and review policy within the next three to six months.

A plan to introduce and raise awareness of the Suggestion Box was discussed. Dana Kletckly and Dana Watson will provide an accessible card to be used in conjunction with the box. They will also offer a written explanation and procedure for sharing the information to the Commission, Councils and the Parish with the goal of rolling out the information in the middle of January as a Pulpit Announcement. Lori O’Konek will provide the poster. Suggestion Box Guidelines:

1. There is one person with the Suggestion Box key in the Commission.
2. The box will be checked weekly.
3. All suggestions will be transcribed verbatim and given to the Priest and Pastoral Council.
4. Council will review and dispatch to appropriate ministry or commission for action as needed.
When appropriate, suggestions/comments will be shared with Parishioners.
Parishioners who author suggestions or comments will receive a direct response.

Our Stewardship Commission meeting was approximately one hour in duration.

Respectfully submitted,

Marina
