**FROM THE DESK OF OUR
PAROCHIAL ADMINISTRATOR**

October 2024

The Lord God then took the man and settled him in the garden of Eden, to cultivate and care for it.
— Genesis 2:15

Dear friends in Christ,

Pope Francis has called us as Christians to “realize that our responsibility within creation, and our duty toward nature and the Creator are an essential part of our faith.” And according to Catholic Social Teaching, care for our common home – the Earth – is a requirement of the Catholic faith.

We have been approached by a new team from the Archdiocese to be a pilot project and model for the Catholic Church in southeastern Wisconsin. We also have been approached by a national faith-based organization. Both the Archdiocese and this organization offer opportunities for funding grants & hands-on assistance. Our four parishes all have been invited – All Saints, St. Martin de Porres, St. Michael, and St. Rose of Lima.

These grants would enable our four parishes to:

1. Improve our environmental impact and sustainability
2. Increase our energy efficiency
3. Improve our outdoor environment
4. Help increase local job creation and training
5. Save money
6. Become a model of creation care.

Someone once said that our faith communities should be leaders in caring for the Earth; we should be the light to the world.

Pope Francis recognizes – and these are his words - “the urgency of our environmental challenges.” With all this in mind, we are looking to form a Care for Creation Leadership Team with representatives from all four of our parishes to collaborate and support each other in:

- a. Seeking grant money for environmental sustainability projects;
- b. Saving \$\$\$ while we work on addressing energy needs and issues of our aging structures
- c. Developing “Care for Creation” teams at our individual parishes.

We do need to act quickly because some grant deadlines are coming soon. Please prayerfully consider joining this effort at your parish church. Let’s become a model of walking and working together for creation care and environmental justice. With a hopeful heart, please e-mail stmichaelstrose@gmail.com as soon as possible.

God bless,

Fr. Michael Wolfe
Parochial Administrator

SHARING INSIGHTS ON CANCER CARE
COMMUNITY EVENT

In recognition of Pancreatic Cancer Awareness Month, the MCW LaBahn Pancreatic Cancer Program is organizing the **SHINE** event. The purpose is to raise awareness about cancer while highlighting pancreatic and breast cancers. This event was initiated by the late Dr. Shawnee Daniels Sykes, a Professor of Theology and Ethics. As a person with stage IV pancreatic cancer, Shawnee's experience with cancer and the complexities of receiving care sparked the idea of creating a community-based cancer awareness event. The **SHINE** event is open to the public! **RSVP by visiting our website:** tinyurl.com/SHINEevent2024. If you have any questions, please contact us at: (414) 758 2282.

Event Overview

Cancer. When we hear this word, it often feels like navigating in the dark, with only a match to guide our understanding of what will happen next. Cancer can affect anyone regardless of age, race, creed, or gender, but communities of color often lack access to information and tools to cope with this disease. There may not be a cure for cancer. But is there a cure for the hopelessness that this disease creates? We believe so. Whether you are personally battling cancer or supporting a loved one, we believe the best weapon against despair is community and knowledge. Join us as we **SHINE** a light that brings hope and builds support networks.

Our event takes a holistic approach, engaging spirit, mind, and body. Interactive discussions facilitated by MCW specialists and healthcare professionals provide an overview of preventative screenings to increase awareness and improve knowledge of these cancers. In the afternoon, hear about patient experiences and cancer prevention through lifestyle adjustments.
